The Truancy Prevention Outreach Program

Clark County, NV

Program Year: 2021

Abstract:

The Truancy Prevention Outreach Program provides early identification and assessment of chronic absenteeism and the prompt delivery of in-home, school, and community based coordinated interventions to prevent chronic school absences. Our purpose is to work to eliminate chronic absenteeism by assisting youth and families through outreach programs that address the contributing factors that result in adverse academic outcomes through supported partnerships with Clark County School District and the community.
