BACKGROUND:

Project Description

General Summary

- Site Address: 2777 Las Vegas Boulevard South
- Site Acreage: 24.5
- Project Type: Resort hotel
- Number of Guest Rooms: 3,719
- Building Height (feet): 735
- Square Feet: 8,931,452
- Parking Required/Provided: 5,779/5,787

History & Site Plan

UC-0932-06 was previously approved for a resort hotel/casino with various components and amenities, and included all associated accessory and incidental commercial uses, buildings, and structures. Since approval, the project has been revised by many subsequent applications, the

ownership of the project has changed several times, and construction has stopped along various stages of construction throughout the years.

UC-0698-07 was previously approved by the Board of County Commissioners (BCC) in July 2007 for the modification and increase in square footage of a previously approved resort hotel. Conditions of approval of the use permit required the applicant to cover portions of the driveway located on the east side of the development, adjacent to the Turnberry Place, with artificial turf, subject to meeting applicable LEED (Leadership in Energy and Environmental Design) standards. The intent of the condition was to screen/block the view of residents looking down into the loading dock area. After consultation with LEED experts, it was determined that artificial turf is not a LEED compliant material for roofing due to its heat retaining properties and the proposal was revised with approval of the design review and waiver of conditions.

Previously approved plans for the revision illustrate the structure consisting of an open aluminum space frame system painted light tan.

Today, the resort hotel/casino consists of 3,719 guest rooms. The street level plan for the resort will house several elements including the casino, bars and lounges, the hotel entrance and guest registration area, coffee shop, restaurants, several other retail centers, and a garden.

Previous Conditions of Approval

Listed below are the approved conditions for ET-18-400040 (DR-0289-09):

Current Planning

- Until May 5, 2021 to commence.
- Applicant is advised that a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

Listed below are the approved conditions for ADET-1368-17 (DR-0289-09):

Current Planning

- Until May 5, 2018 to commence to match the current expiration of PACs 06-47392, 07-07220, and 07-17708.
- Applicant is advised that future extensions of time must be heard by the Board of County Commissioners; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; and that any change in circumstances or regulations may be justification for the denial of an extension of time.

Listed below are the approved conditions for DR-0289-09:

Current Planning

- Cover design and color per plans dated June 1, 2009;
- Design review as a public hearing for any significant changes to the plans;
- All applicable standard conditions for this application type.

- Applicant is advised that any change in circumstances or regulations may be justification for the denial of an extension of time; and that this application must commence within 2 years of approval date or it will expire.

Signage

Signage is not a part of this request.

Applicant's Justification

The applicant indicates this is the third extension of time for DR-0289-09. This request is being filed with 8 other requests for extensions of time (on the same site) and is required because the current owners recently purchased the uncompleted project and need time to review and evaluate all existing land use approvals before commencing the project. The applicant is working towards progressing on the project by replacing all existing bond approvals and obtaining building permits to continue construction. The applicant is requesting a 3 year extension of time and would like all approvals to run concurrently.
