

**INTERLOCAL AGREEMENT FOR
CONSTRUCTION AND FUNDING OF LAMB BLVD IMPROVEMENTS AS PART OF
THE SANDHILL INTERCEPTOR PROJECT**

THIS Interlocal Agreement, made and entered into this 6th day of July, 2021, by and between the CLARK COUNTY WATER RECLAMATION DISTRICT, a political subdivision of the State of Nevada ("DISTRICT"), and the COUNTY OF CLARK, NEVADA, a political subdivision of the State of Nevada ("COUNTY"). Each is referred to individually as the "Party" and collectively as the "Parties."

WITNESSETH:

WHEREAS, the Parties are authorized to enter into Agreements pursuant to Nevada Revised Statutes (NRS) 277.180; and

WHEREAS, the DISTRICT provides municipal collection and treatment of wastewater within the unincorporated area of Clark County, Nevada; and

WHEREAS, the DISTRICT has designed and is constructing a project known as "Sandhill Interceptor CCWRD Project No. 17012" ("DISTRICT PROJECT"), the limits of which are generally depicted in Exhibit "A," attached hereto and incorporated herein; and

WHEREAS, the COUNTY has identified the need to repave and improve Lamb Blvd from Hacienda to Reno Blvd, ("COUNTY PROJECT"), which is generally depicted in Exhibit "B" attached hereto and incorporated herein; and

WHEREAS, the COUNTY desires the DISTRICT to construct, and perform contract administration for, the COUNTY PROJECT along with the DISTRICT PROJECT, as one project ("COMBINED PROJECT"); and

WHEREAS, the DISTRICT and the COUNTY have agreed that it is beneficial to include the construction phase of the COUNTY PROJECT within the DISTRICT PROJECT via change order to the DISTRICT PROJECT; and

WHEREAS, the DISTRICT is willing and able to perform the construction, and administration of, the COUNTY PROJECT so long as the DISTRICT does not incur any additional costs or expenses and provided the COUNTY pays for all costs and expenses associated with the COUNTY PROJECT including, but not limited to, the design, construction, maintenance and operation.

NOW, THEREFORE, in consideration of the promises and of the mutual covenants hereinafter contained, it is agreed as follows:

ARTICLE I – COUNTY AGREES:

1. To pay DISTRICT for all actual construction costs of the COUNTY PROJECT which include the following estimates: a) all line items shown in Exhibit “C,” which consists of the Change Order amount for the COUNTY PROJECT, and b) a construction administration and survey fee of thirteen percent (13%) of the total estimate for the line items in Exhibit “C” (“Administrative Costs”) (collectively “COUNTY PROJECT COSTS”).

2. To pay to the DISTRICT the amount of FIVE HUNDRED FIFTY NINE THOUSAND FOUR HUNDRED TWENTY FIVE and 00/100 DOLLARS (\$559,425.00) (“NOT-TO-EXCEED AMOUNT”) for the COUNTY PROJECT COSTS. The NOT-TO-EXCEED AMOUNT represents an estimate of the COUNTY PROJECT COSTS, as set forth above and in Exhibit “C”. Except for any increase approved as provided below, the COUNTY’s total obligation under this Agreement shall not exceed the NOT-TO-EXCEED AMOUNT.

3. To advance to the DISTRICT the NOT-TO-EXCEED AMOUNT within thirty (30) calendar days of receipt of invoice from the DISTRICT.

Notwithstanding the above, the COUNTY understands and agrees the NOT-TO-EXCEED AMOUNT is based on the estimated total cost of construction of the COUNTY PROJECT, and if the NOT-TO-EXCEED AMOUNT advanced is insufficient to cover the COUNTY PROJECT COSTS, the COUNTY agrees to pay any additional amounts the COUNTY and DISTRICT mutually agree are necessary for the completion of the COUNTY PROJECT, subject to mutual approval of the DISTRICT Board of Trustees and the Board of COUNTY Commissioners (“BCC”) (unless such approval is unnecessary due to a delegation of authority to the General Manager or the Director of Public Works). Said additional funds must be provided after necessary approvals, and within thirty (30) days of receipt of billing from the DISTRICT. If said additional funds are not provided, the DISTRICT shall have no further obligation to construct the COUNTY PROJECT, and the COUNTY will be responsible for all costs associated with the COUNTY’s failure to provide the additional funds including, but not limited to, contractor claims due to failure to provide the additional funds, and returning the COUNTY PROJECT and the roadway to serviceable condition comparable to its condition prior to construction activities.

4. Should Contingencies be issued, which are a result of or related to the DISTRICT PROJECT, the Parties agree to fully cooperate in reaching a mutual agreement regarding the portion of such costs, if any, to be allocated to the COUNTY, with any such costs deemed COUNTY PROJECT COSTS.

5. To provide by May 15, 2021, at no cost or expense to the DISTRICT, plans and technical specifications for the COUNTY PROJECT acceptable to the DISTRICT, which include, but not be limited to, final and complete design drawings and technical specifications sealed and stamped by a Nevada Registered Professional Engineer responsible for the design, and further, will provide the final plans fully signed by all impacted utility agencies and required governmental agencies.

6. At the COUNTY’s sole cost and expense, to timely make any mutually agreeable modifications, changes, and/or adjustments to the COUNTY PROJECT plans as requested by the

DISTRICT's General Manager. The COUNTY shall also provide, at its sole cost and expense, engineering services during construction, construction inspection services, and third-party quality assurance testing inspections of the COUNTY PROJECT to ensure the timely construction of the COUNTY PROJECT in a good and serviceable manner, and to report any items of concern to the DISTRICT's Engineer pursuant to Article II.

7. At its sole cost and expense, to obtain all environmental clearances as well as any and all permits of any kind required solely for the COUNTY PROJECT, including those requested by the DISTRICT.

8. To respond to requests for information during construction of the COUNTY PROJECT in a timely manner, as requested by the DISTRICT.

9. To provide utility companies with sufficient notice for utility relocations for the COUNTY PROJECT to be completed within a time period so as not to interfere with the DISTRICT Contractor's schedule. To pay all costs and expenses of any necessary utility relocations to the extent solely related to installation of the COUNTY PROJECT, which are not required to be paid and/or relocated at the utility's cost pursuant to a franchise agreement with the DISTRICT.

10. To be responsible for all cost and expenses associated with any delays and damages arising solely out of the COUNTY's failure to timely review and respond to requests for information or Contingencies.

11. To be responsible for the cost of record and as-built drawings, and any close out documents of the COUNTY PROJECT.

12. To assign a Project Manager and/or a Construction Manager to act as the COUNTY's representative to monitor all aspects of the construction of the COUNTY PROJECT and to coordinate with the designated DISTRICT Project Manager and/or the Construction Manager assigned to the COMBINED PROJECT in accordance with Article II.

13. All costs and expenses shall be paid within thirty (30) calendar days of receipt of DISTRICT invoices.

14. The COUNTY shall pay all costs and expenses for the defense of any claims against the DISTRICT to the extent they solely relate to the design of the COUNTY PROJECT. Should the DISTRICT request, the COUNTY shall be responsible for providing the defense of any claims against the DISTRICT to the extent they solely relate to the design of the COUNTY PROJECT.

ARTICLE II – DISTRICT AGREES:

1. To include the construction of the COUNTY PROJECT as a part of the DISTRICT PROJECT via change order to the DISTRICT PROJECT, and to administer the COMBINED PROJECT including the COUNTY PROJECT and SEWER PROJECT as one (1) project.

2. To include the separate line items for the COUNTY PROJECT shown in Exhibit "C" within the work performed on the COMBINED PROJECT.
3. To invoice the COUNTY for the COUNTY PROJECT's NOT-TO-EXCEED AMOUNT after the COUNTY's execution of this Agreement.
4. To cause DISTRICT's contractor to construct the COUNTY PROJECT in accordance with the COUNTY's plans and technical specifications as approved by the COUNTY and the DISTRICT, to the extent the funds paid to DISTRICT by COUNTY as required herein will cover such construction.
5. To maintain an accounting of the COUNTY PROJECT COSTS and to refund to the COUNTY any unspent balance (if any) of the funds paid by the COUNTY. Such refunds are due to the COUNTY within sixty (60) days after the DISTRICT's final payment to its Contractor.
6. To invite and allow the COUNTY to attend all project meetings pertaining to the COUNTY PROJECT.
7. To assign a Project Manager and/or a Construction Manager to act as the DISTRICT representative to administer all aspects of the construction of the COMBINED PROJECT, to provide construction administration including third party inspection, and to coordinate the construction of the COUNTY PROJECT with the COUNTY representative to ensure a good and serviceable project.
8. To allow the COUNTY to observe, review and inspect the construction of the COUNTY PROJECT with the understanding that all items of concern are to be reported to the DISTRICT's assigned Project Manager/Construction Manager and not the DISTRICT's contractor.
9. To review and execute payment requests associated with the COUNTY PROJECT concurrently with the COUNTY.
10. Should any defective material or workmanship affecting the COUNTY PROJECT installed by the DISTRICT's contractor be disclosed within one (1) year of the date of completion and final acceptance of the COUNTY PROJECT by the COUNTY, the DISTRICT shall cause its contractor to immediately correct the defect.
11. To provide to the COUNTY, at COUNTY's expense, redlined as-built drawings, and close-out documents of the constructed COUNTY PROJECT as required by the technical specification as one of the conditions for the COUNTY's substantial completion acceptance of the COUNTY PROJECT.

ARTICLE III – IT IS MUTUALLY AGREED:

1. This Agreement shall not become effective until and unless approved by appropriate official action of the governing body of each Party.

2. Pursuant to NRS 239.010, information or documents in connection with this Agreement may be open to public inspection and copying. The Parties will have the duty to disclose unless a particular record is confidential by law.
3. The term of this Agreement shall be from the effective date until the obligations of the DISTRICT and the COUNTY are fulfilled.
4. This Agreement shall not be modified, amended, or altered except by written agreement mutually consented to by the Parties.
5. This Agreement may be terminated by mutual consent of both Parties or the DISTRICT may terminate this Agreement if COUNTY fails to provide funding as required herein.
6. All notices or other communications required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been duly given if delivered personally by hand, by telephonic facsimile with simultaneous regular mail, or by certified mail, return receipt requested, postage prepaid on the date posted, and addressed to the other Party at the address set forth below:
