LAND USE PLAN:
ENTERPRISE - RURAL NEIGHBORHOOD PRESERVATION (UP TO 2 DU/AC)

BACKGROUND:
Project Description

General Summary

- Site Address: 11185 Fairfield Avenue
- Site Acreage: **6.88 overall acreage; R-D: 6.03 net acres; R-2: 0.85 net acres**
- Number of Lots: **24**
- Density (du/ac): **R-D: 2.9; R-2: 7.0**
- Minimum/Maximum Lot Size (square feet): **R-D: 11,200/18,018 (gross)/9,066/14,394 (net); R-2: 6,016/6,802 (gross)/6,016/6,125 (net)**
- Project Type: Single family residential development

The plans depict a proposed **24** lot single family residential development on **6.88** acres. **The revised plans now show a portion of the development located near the southeast portion of the site, adjacent to an existing R-2 single family development as R-2 zoning (a total of 6 lots). The remainder of the site (total of 18 lots) is proposed for R-D zoning.** The density of the residential subdivision is **2.9 dwelling units per acre for the R-D portion of the development, and 7.0 dwelling units per acre for the R-2 portion of the development.** The lots range in size from a minimum of **6,016** square feet to a maximum of **18,018** square feet. The design of the map also includes a drainage easement along the western portion of the site. The lots within the subdivision will be served by 42 foot wide internal private streets, which include an attached sidewalk on 1 side of the street. Access to the development will be available from the proposed residential subdivisions (Silverado Court VII and VIII) to the south. The private street extends to the north from the access point, with a cul-de-sac extending to the west. No access is shown from Chartan Avenue or Placid Street. However, the project does include the

dedication of Chartan Avenue or Placid Street as part of the design of this project. All public streets will be developed to non-urban street standards.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning

This request meets the tentative map requirements as outlined in Title 30; however, since staff is not supporting the nonconforming zone change and design review, staff cannot support the tentative map.

Department of Aviation

The property lies just outside the AE-60 (60 - 65 DNL) noise contour for the Henderson Executive airport, and is subject to potentially significant aircraft noise and continuing over-flights. Future demand for air travel and airport operations is expected to increase significantly. Clark County intends to continue to upgrade the airport to meet future air traffic demand.

Staff Recommendation

Denial. This item will be forwarded to the Board of County Commissioners' meeting for final action on **August 18, 2021** at 9:00 a.m., unless otherwise announced.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:**Current Planning**

If approved:

- Expunge TM-19-500047;
- Enter into a standard development agreement prior to any permits or subdivision mapping in order to provide fair-share contribution toward public infrastructure necessary to provide service because of the lack of necessary public services in the area.
- Applicant is advised that the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that a final map for all, or a portion, of the property included under this application must be recorded within 4 years or it will expire.

Public Works - Development Review

- Drainage study and compliance;
- Drainage study must demonstrate that the proposed grade elevation differences outside that allowed by Section 30.32.040(a)(9) are needed to mitigate drainage through the site;
- Traffic study and compliance;
- Execute a Restrictive Covenant Agreement (deed restrictions).
- Applicant is advised that this site is located within a Special Flood Hazard Area (SFHA) as designated by the Federal Emergency Management Agency (FEMA); and that approval of this application will not prevent Public Works from requiring an alternate design to meet Clark County Code, Title 30, or previous land use approvals.

Current Planning Division - Addressing

- Approved street name list from the Combined Fire Communications Center shall be provided;
- Private streets shall have approved street names and suffixes.

Department of Aviation

- Applicant is advised that issuing a stand-alone noise disclosure statement to the purchaser or renter of each residential unit in the proposed development and to forward the completed and recorded noise disclosure statements to the Department of Aviation's Noise Office is strongly encouraged; the Federal Aviation Administration will no longer approve remedial noise mitigation measures for incompatible development impacted by aircraft operations which was constructed after October 1, 1998; and that funds will not be available in the future should the residents wish to have their homes purchased or soundproofed.

Building Department - Fire Prevention

- Applicant is advised to show on-site fire lane, turning radius, and turnarounds.

Clark County Water Reclamation District (CCWRD)

- Applicant is advised that a Point of Connection (POC) request has been initiated for this project; to email sewerlocation@cleanwaterteam.com and reference POC Tracking #0042-2021 to obtain your POC exhibit; and that flow contributions exceeding CCWRD estimates may require a new POC analysis.

TAB/CAC: Enterprise - denial.
