**FISCAL IMPACT:**

Description:	Amend Clark County Code Title 20, Chapter 20.09, Section 20.09.050		
Additional Comments:	N/A		

**BACKGROUND:**

The purpose of the amendment is to support the costs associated with operating the MRACC. The Customer Facility Charge (CFC) to be collected by the on-airport car rental companies who operate at the MRACC will increase to \$5.00 per day with a limit not to exceed 14 days. Currently, the rate is \$4.00 per day with no time limit. This amendment authorizes the Director of Aviation to adjust the CFC, on an as needed basis, up to a maximum of \$8.00 per day.

The ordinance would amend Clark County Code, Title 20, Chapter 20.09, Section 20.09.050, by initially increasing the amount of CFCs collected by the on-airport car rental companies; and it would authorize the Director of Aviation to increase the CFC incrementally, to the maximum authorized rate, based on annual budget review.

The Business Impact Statement (BIS) for the proposed ordinance was prepared consistent with the County procedure regarding business impact statements and pursuant to NRS 237.090. On June 15, 2021, the Board of County Commissioners accepted and approved the BIS.

Staff recommends that this ordinance amendment be adopted following the public hearing.
