**BACKGROUND:**

The Flood Control Master Plan determines future community needs and promotes effective control of floods and services to meet those needs. Clark County Public Works is proposing this Master Plan Amendment (MPA) to revise the Plan for the Searchlight West area of Clark County. The Regional Flood District Board of Directors held a public hearing and unanimously adopted the MPA to amend the Plan for the Searchlight West area on June 10, 2021.

Nevada Revised Statutes (NRS) 543.597, subsection 6 states: "If a proposed amendment to the master plan is adopted unanimously by the board, and by the governing body of the local government in whose jurisdiction will be located the structures necessary to carry out the purposes of the amendment, after a public hearing by each, the amendment becomes effective and no other hearing or approval is required by any other board or commission, including those responsible for decisions relating to planning or zoning."

To complete the adoption process, staff recommends that the Board of County Commissioners adopt the amendment and authorize the Chair to sign the resolution amending the Flood Control Master Plan.
