Department of Health and Human Services

Division of Welfare and Supportive Services NOTICE OF SUBAWARD

SECTION B

Description of Services, Scope of Work and Deliverables

OVERVIEW

As provided in the Social Security Act Title IV Section 404(a)(2) and CFR Title 45 Subtitle B Chapter II Part 263 Subpart B 263.11(a)(2), Nevada uses federal TANF funds for expenditures for which Nevada was authorized under prior law, as in effect on September 30, 1995. The Division of Welfare and Supportive Services (DWSS), hereinafter referred to as the Division, may contract with Clark County Department of Family Services (CCDFS), hereinafter referred to as Subrecipient, to provide emergency assistance – primarily case management services and substitute care – to needy families and children for up to 120 days from child welfare agency involvement and prior to a determination that a child will remain in or return to the family home or requires permanent out-of-home placement. Family-based services are provided to alleviate the emergency to improve family functioning to prevent the permanent out-of-home placement of children.

The Subrecipient is designated as the Child Welfare Agency for Clark County, Nevada. It is the priority of the Subrecipient to ensure the safety of all Clark County youth, while keeping the family unit intact whenever possible, and when removal is needed to seek the least restrictive placement available with relatives/fictive kin. To meet this goal, Clark County is focusing on transitioning the Agency to a greater focus on in-home services to both prevent removals, and to maintain placement with relatives/fictive kin. Each year, 1,000-1,500 families come to the attention of the Agency in need of services, but who do not meet the threshold for initiating an investigation, and have, therefore, been unable to access services. The CCDFS Community Collaborations Program is designed to offer emergency family supports to TANF-eligible families, such as non-medical behavioral health services, day care, parenting classes, transportation, job-find assistance and more. CCDFS also seeks to maintain direct emergency assistance to CCDFS Relative/Fictive Kin Placement and increase the ability to provide TANF-eligible families with direct emergency assistance in order to prevent removal of children. The Emergency Assistance program is designed to provide for emergent items necessary to stabilize families, such as rent, utilities, day care, beds, tutoring, car seats, clothing, etc.

All partnership contracts executed by CCDFS, hereinafter referred to as the Subrecipient, through use of Federal TANF funds will meet TANF purpose #1 – to provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives/fictive kin.

The anticipated benefit to utilizing funding for both programs, Emergency Assistance and Community Collaborations Programs, is that families brought to the attention of Child Welfare will continue to receive available resources and intervention services. As a result of these intervention services, there is the potential to reduce the number of children at risk of abuse and neglect and will allow families to remain intact.

Through this subaward, the Division will provide Federal funding from the Temporary Assistance for Needy Families (TANF) Block Grant in accordance with the Emergency Assistance to Needy Families guidelines for the implementation of the Emergency Assistance program the Subrecipient and their established community partners.

Eligibility Criteria for Emergency Assistance and the CCDFS Community Collaborations Programs

A family is eligible if all of the following conditions are met:

- An application is filed by a specified adult relative/fictive kin of a child, or where the parent or relative/fictive kin is absent or unwilling to apply on behalf of the child, the agency staff acting on behalf of the child may file the application; and
- A child is at risk of abuse or neglect or the child's situation is such that out-of-home care is likely because the family has insufficient resources to prevent out-of-home placement; and
- The child's family is receiving TANF, SSI, SNAP, or Medicaid; or does not have cash available to provide needed emergency care or services, and the family's gross countable income for the month of application does not exceed 500% of the federal poverty level. A child's income alone is considered when the child's parents cannot be located, or they refuse to cooperate in supporting the child or applying for assistance and the emergency assistance is necessary to avoid destitution of the child or to provide living arrangements in an out-of-home placement.

The Subrecipient and selected community partners, under this subaward, may provide the following covered emergency services for the Emergency Assistance and CCDFS Community Collaborations Programs:

• Abuse, neglect, or abandonment of children:

Department of Health and Human Services

Division of Welfare and Supportive Services NOTICE OF SUBAWARD

- Children in emergency situations where continued presence in the home is not in the best interest of the child; or
- Children that are at risk of removal from the home because of abuse, neglect, or the inability of parents to provide care.

Family-based services are provided to alleviate the emergency situation and allow the child to remain in or return to the family's home.

The services covered may include the following, not to exceed 4 months (120 days):

- Distance learning and tutoring supports
- Emergency day care
- Emergent need stabilization items such as rent, utilities, work transportation, car seats, beds, clothing, groceries, diapers, etc.
- Items over \$1,000 to remove barriers to licensing, such a pool fence, to be approved by NVDHHS on a case-by-case basis
- Non-medical pro-social and recreational habilitative activities;
- Non-medical mental health treatment services
- Job Training support services
- Direct family assistance services to include implementing, delivering, or maintaining Emergency Assistance program services affecting a child's emergency such as:
 - o Costs to screen and assess families in the child welfare system and develop and manage case plans.

Definitions:

- Family Preservation an array of services including case management/licensing assistance, distance learning and tutoring supports, emergency daycare and other assistance as described above, non-medical pro-social and recreational habilitative activities, non-medical mental health treatment services and job training support services are provided to improve family functioning to maintain youth in the home of a parent or relative/fictive kin.
- Case Management casework services to help the family members resolve the emergency situation, including family assessment, planning and coordination of services.

The Subrecipient will ensure that the services covered follow the requirements listed below:

- Nonrecurring, short-term benefits, which are limited in scope, to meet basic needs, designed to deal with a specific crisis or episode of need, not intended to meet recurrent or ongoing needs, limited to a maximum duration of four (4) months, which must be authorized within a single thirty (30) day period.
- Family-based services which do not provide basic income support, or which alleviate an emergency and allow the child to remain in or return to the family's home, e.g., distance learning and tutoring supports, emergency daycare, non-medical pro-social and recreational habilitative activities, non-medical mental health treatment services and job training support services.
- Medical services and/or costs are not an allowable expense under the terms of this subaward.

Family-based direct program and community partnership services will be provided to alleviate the emergency situations and allow the children to remain in or return safely to their family home. The Subrecipient agrees to only provide such services that do not meet the definition of "assistance" as defined by the Department of Health and Human Services, Administration for Children and Families and which are outlined in the Code of Federal Regulations Title 45 Subtitle B Chapter II Part 260 Subpart A §260.31. The program will include the Subrecipient's in-house services for families and community partners that have been sub-contracted through the approved invitation to bid process in compliance with TANF procurement requirements to include Code of Federal Regulations Title 45 Part 75 and 2 CFR 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, specifically Procurement Standards.

ACTIVITIES

The Subrecipient is responsible for the administration, management, and fiscal management for the Emergency Assistance and CCDFS Community Collaborations Programs as described above, which includes providing:

- eligibility and certification activities including initial and ongoing eligibility
- program management
- program integrity

All activities, events, meetings etc. will take place in accordance with State and Local compliance requirements related to COVID-19.

Department of Health and Human Services

Division of Welfare and Supportive Services NOTICE OF SUBAWARD

Clark County Department of Family Services (CCDFS), hereinafter referred to as Subrecipient, agrees to provide the following services and reports according to the identified timeframes as described in this Scope of Work:

Scope of Work for Subrecipient

Objective	Activities	Expected Outcomes	Timeline: Begin- Completion	Target Population	Evaluation Measure (indicator)	Evaluation Tool / Required Documentation
1.1 Subrecipient will provide administrative services to support TANF eligible activities to families who have come to the attention of CCDFS so that children may be cared for in their own home or in the home of a relative/fictive kin.	1. Subrecipient shall develop eligibility criteria for support services. Based on criteria, Subrecipient staff shall identify and refer eligible children and families for needed services.	Screening, eligibility and certification documentation. Referrals for support services.	Throughout the term of the subaward. Completed by the end of each corresponding quarter.	Low-income (under 500% FPL) families with a child under the age of 18 experiencing an immediate/emergent episode of need.	Line-item list of families/children served and the TANF-funded services provided, documented by Unity Case or Person Number, or other identifier if no Unity Number is available.	Documentation of criteria for eligibility and supporting documentation for determined referrals Maintain all applications, case records, verifications and related documentation required to determine

initial and ongoing eligibility/certification requirements.

	2. The Subrecipient will provide written notification and related documentation to the Division of the method of procurement for any community providers that are selected to enter into a contract / subaward with the Subrecipient. Furthermore, the Subrecipient will provide notification of the contract(s) awarded, the method of procurement implemented, and provide the Division with documentation demonstrating the procurement process was followed for those additional contracts for services that are to be determined after the execution of this subaward. Any partnership contracts must meet the TANF purpose to provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives/fictive kin.	Proper adherence to procurement requirements as outlined in the Code of Federal Regulations Title 45 Part 75 and 2 CFR 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, specifically Procurement Standards.	Throughout the term of the subaward.			Written notification to the Division and back up documentation of the method of procurement for community providers that are selected to enter into a contract/subaward with the Subrecipient. Written notification to the Division of the contract(s) awarded, the method of procurement implemented, backup documentation verifying the procurement process which aligns with TANF procurement requirements to include Code of Federal Regulations Title 45 Part 75 and 2 CFR 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, specifically Procurement Standards.
1.2 Contracted community provider	The Subrecipient will contract with	Improvement in behaviors as a result	Throughout the term of the subaward.	Low-income (under 500% FPL) families	Number of children served per month	Case records, documentation of

shall provide in-home resources to assist in the stabilization of families affected by youth who need pro- social behavioral services to prevent removal / disruption.	Sport Social to provide behavioral modification services to CCDFS referred youth with severe developmental and/or behavioral health needs, significant	of behavior modification services.
