**BACKGROUND:**

The Regional Transportation Commission of Southern Nevada (RTC) has approved and budgeted funding for an Intelligent Transportation System (ITS) Master Plan development project (Clark County Public Works Project No. PW.R262DFT) in the amount of \$2,000,000 in RTC's Highway Improvement Acquisition Fund for Fiscal Year 2022. RTC, in coordination with Clark County, City of Las Vegas, City of North Las Vegas, City of Henderson, City of Boulder City, and City of Mesquite (collectively "Member Entities"), intends to have developed an ITS Infrastructure Master Plan, beneficial to each Member Entity.

The attached Interlocal Contract No. 1320 identifies RTC as the lead agency and responsible party for all costs associated with this project. Interlocal Contract No. 1320 allocates funds and authorizes RTC to contract with a consultant, which would create an ITS Master Plan document. The ITS Infrastructure Master Plan will inventory existing arterial ITS and fiber optic infrastructure, perform a gap analysis and redundancy assessment, conduct a needs assessment, and outline future ITS construction projects. The time of performance is effective to December 31, 2026, unless time extensions are granted.

This project is included on the adopted RTC Capital Improvement Plan. RTC approved the interlocal contract at its meeting on September 9, 2021.

Each of the Member Entities is scheduled to approve the interlocal contract at their respective Board/Council meetings.

The District Attorney's Office has reviewed and approved the interlocal contract as to form.
