Clark County wishes to enter into an interlocal agreement with Southern Nevada Health District (SNHD) in support of the SNHD during an event by providing non-essential County employees to participate in training or exercise activities by assisting with dispensing medical countermeasures at public Point of Dispensing (POD) locations pre-determined by SNHD. It is imperative that the SNHD has the ability to mobilize its public PODs efficiently and effectively to protect the health and safety of southern Nevada residents and visitors.

The effective date of this agreement begins when the last governing body approves and signs the agreement until June 30, 2024, unless terminated with a 30-day written notice.
