

Asian-American Pacific Islanders Community Commission Application

(Note: This document and accompanying materials become public record once received by Clark County.)

The Clark County Asian-American Pacific Islanders Community Commission (AAPICC) serves as a support liaison between the Asian-American Pacific Islanders (AAPI) community in Clark County, the Clark County Board of County Commissioners (County Commission), and the Clark County Manager's Office (Manager's Office).

Among its duties, the AAPICC shall:

- (a) Advise the County Commission and the Manager's Office on the matters and concerns of the AAPI community;
- (b) Educate the community on intolerance, xenophobia, and anti-Asian sentiment and promote equity for all AAPIs;
- (c) Convene community forums on public safety, human rights, economic development, housing, employment, social services, public health, transportation, education, and multicultural development for the AAPI community;
- (d) Encourage youth to become better trained and qualified for educational and employment opportunities;
- (e) Formulate a vision on how local AAPI history could be blended into the significant history of Clark County;
- (f) Perform other such other tasks as the County Commission and the Manager's Office may direct; and
- (g) Report to the County Commission on an annual basis regarding its duties and responsibilities.

The AAPICC consists of 15 members. Terms of the AAPICC are two years (2-years), and members are eligible for reappointment. The County Commission shall appoint one (1) member to serve as the chairperson and one (1) member to serve as the vice chairperson.

LETTER OF INTEREST: ASIAN-AMERICAN PACIFIC ISLANDERS COMMUNITY COMMISSION APPLICATION

SUNNY HEALTH DPC

Ga Geong Lee M.D.

2851 N. Tenaya Way Ste 201

Las Vegas, NV 89128

To whom it may concern,

I am excited to apply for the appointment of AAPICC in the coming term. I would like to partake and get involved to represent AAPI community in Clark County. I foresee that working as a team player in various short to long projects will be an honorable experience as well as a learning opportunity for me. The AAPI population in Clark County is steady on an incline for growth and it is astonishing to see how this sector of the general population impact and influence our entire economy and culture. I understand there are many critical roles AAPICC will play in the community development. I am thrilled to find out that involvement include helping youth from foundation to elderly. As mentioned before, the AAPI population is growing, and they still require stronger representation to get their concerns and voices heard. The AAPI community need leaders to best serve as liaison with the Clark County to start this dialogue. Furthermore, being a member of AAPICC, I would like to be the trusted source of contact for the AAPI community.

I am a medical doctor doing primary care service in Las Vegas. I currently own and operate a medical practice called *Sunny Health DPC*. I started this practice with the vision that healthcare should be both affordable and accessible. I take both insured and uninsured patients providing affordable primary care. My business has been growing very well primarily due to "word of mouth." It is a newer concept medical practice that makes medical care simple and affective. I started with my business with a vision, but with time, I am realizing that for greater impact to help our community, I need to be part of other groups. I would appreciate the experience to learn about our governing bodies. I like to understand procedures of policy making in the process.

In the last 2 years I had been independent medical practice owner, I joined various local community groups and started learning about the different commitments each associations have. I partook medical volunteering position and looking forward to other medical volunteering for elderly patients this year with local Korean Community leaders. Since Pandemic started, I have operated through my own social media sites to provide medical advice and Q&A to better understand the Pandemic related issues. I mentor medical residents and medical students through my clinic. I will be starting mentoring program for a medical assistant program in the Fall and through it, I am interested in helping more students to enhance their employment opportunities in medical career without jeopardizing all their limited time and financial resource. In return earn a fair living and a rewarding career.

I would greatly appreciate to serve and work as AAPICC member. I understand that being like-minded and working together to achieve one goal is important. I look forward to opportunities to grow as a citizen of Clark County and as a leader. I look forward to hearing back from you soon.

Sincerely,
