VIII. Public Comment

Brian Haviland – is currently working on the SNPLMA project at the park. Had a site meeting earlier today and was able to help correct some of the oversights and provide details regarding where the septic tank and leach field is located. The park will have another pavilion installed with at least 4 tables. We are currently working on trying to get more but the funding is strict to the plans which were submitted. The path is being resigned which will tie into the park more efficiently. This is the design which will take some time.

IX. Next Meeting Date

The next regular meeting will be April 1, 2021

X. Adjournment

The meeting was adjourned at 7:26 p.m.
