Nevada Department of Health and Human Services Subrecipient/Contractor Verification and Checklist

This document is intended to help a recipient of federal funds make a judgment as to whether each agreement it makes, for the disbursement of federal program funds, casts the entity receiving the funds in the role of a subrecipient or a contractor. Based on 2 CFR Chapter I, Chapter II, Part 200 et al. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), issued by the U.S. Office of Management and Budget (OMB) on December 26, 2013, and effective for non-federal entities on December 26, 2014, the following information is intended for use by all non-federal entities.

Important Terms:

Recipient: A non-federal entity that receives a federal award directly from a federal awarding agency to carry out an activity under a federal program. The term recipient does not include subrecipients. (See 2 CFR 200.86 of the Uniform Guidance.) **Subrecipient**: A non-federal entity that receives a subaward for the purpose of carrying out part of a federal award. The subaward creates a federal assistance relationship with the subrecipient. (See 2 CFR 200.93 & .330 (a) of the Uniform Guidance.) **Contractor**: A non-federal entity that receives a contract for the purpose of providing goods and services for the awarding non-federal entity's own use. The contract creates a procurement relationship with the contractor. The Uniform Guidance replaced the term "Vendor" with "Contractor." (See 2 CFR 200.22 & .330 (b) of the Uniform Guidance.)

Instructions: The "Characteristics" column in this checklist is based on language in the Uniform Guidance. The column lists characteristics that support the classification of a non-federal entity as a subrecipient or contractor. Since all of the characteristics listed may not be present in all cases, the Uniform Guidance recognizes that the recipient "…must use judgment in classifying each agreement as a subaward or a procurement contract." (2 CFR 200.330 (c).) In the "Explanations" column, DHHS provides additional information to assist in answering the questions under "Characteristics." Answer each question by checking "yes" or "no" where indicated. Based on responses to the questions, a key provided at the end of each section will help in making a judgment as to whether a subrecipient or contractor relationship exists. White space is provided in between the "Characteristics" column and the "Explanation" column so that users can tailor this checklist to accommodate the unique aspects of various programs or jurisdictions.

Note: One check in a subrecipient box does not necessarily mean the entity is a subrecipient. A judgment should be based on the totality of responses.

	Yes No	
Does the entity qualify as a non-profit organization (501C3)?	Yes No	
Is the entity a governmental organization?
