**BACKGROUND:**

On April 20, 2021, the Board of County Commissioners received a presentation on electric vehicle charging infrastructure. The Board discussed the preparation of an ordinance requiring electric vehicle charging infrastructure in residential and non-residential development. The Board directed staff to conduct further research, to meet with stakeholders to learn more about demand for electric vehicle charging and costs associated with requiring the charging infrastructure, and to report back.

Staff will be providing a report on its work to date.
